Independent Auditor's Report

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Littleton Village Metropolitan District No. 3 (the "District"), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Littleton Village Metropolitan District No. 3 as of December 31, 2025, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

Net Change in Fund Balances - Total Governmental Funds	\$	855,751
--	----	---------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Therefore, this is the amount of capital outlay, depreciation and dedication of capital assets to other governments, in the current period.

Capital Outlay		1,707,478
Depreciation Expense		(79,694)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position.

Bond Issuance		(2,850,000)
Developer Advance		(1,707,478)
Repay Developer Advance		1,707,478

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 DEFINITION OF REPORTING ENTITY

Littleton Village Metropolitan District No. 3, a quasi-municipal corporation and a political subdivision of the state of Colorado, was organized by order and decree of the District Court for Arapahoe County on February 12, 2014, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the City on September 5, 2006, and as modified on September 3, 2013. The District's service area is located entirely within the City of Littleton, Arapahoe County, Colorado. The District was established to provide financing for the construction, installation, and operation of public improvements, including water, sanitation, streets, safety protection, storm drainage, covenant enforcement and design review services, and parks and recreation facilities.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Funds account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its budget for the year ending December 31, 2025.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of net investment in capital assets.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Monument Sign Tract	20 Years
North Drainage Tract/Open Space	20 Years
Streets	20 Years

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (Continued)

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

Adoption of New Accounting Standards

In December 2023, the GASB issued Statement No. 102, Certain Risk Disclosures (Statement 102). Statement 102 requires note disclosure when (a) a concentration or constraint is known prior to issuance of the financial statements, (b) it makes the reporting unit vulnerable to the risk of a substantial impact, and (c) an event associated with the concentration or constraint has occurred, has begun to occur, or is more likely than not to begin to occur within 12 months of issuance.

The District adopted the requirements of the guidance effective January 1, 2025, and has elected to apply the provisions of this standard to the beginning of the period of adoption. Management performed the analysis required under Statement 102 and did not identify any concentrations or constraints that require disclosure.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2025 are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 135,892
Cash and Investments - Restricted	<u>762,753</u>
Total Cash and Investments	<u><u>\$ 898,645</u></u>

Cash and investments as of December 31, 2025 consist of the following:

Deposits with Financial Institutions	\$ 47,292
Investments	<u>851,353</u>
Total Cash and Investments	<u><u>\$ 898,645</u></u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2025, the District's cash deposits had a bank balance and a carrying balance of \$ 47,292.

Investments

The District has adopted a formal investment policy that follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or investment custodial credit risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2025, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted-Average Under 60 Days	\$ 851,353
		<u>\$ 851,353</u>

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST (Continued)

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST PRIME and COLOTRUST PLUS+ are rated AAAM by Standard & Poor's, however COLOTRUST EDGE is rated AAAs/S1 by Fitch Ratings. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

The District holds all its investments in the COLOTRUSTS PLUS + portfolio.

The details of the District's general obligation bond outstanding are as follows:

Subordinate Limited Tax General Obligation Bonds Series 2025B

Bond Proceeds

The District issued Limited Tax General Obligation Bonds, Series 2025B on April 17, 2025, in the par amount of \$2,850,000 (the 2025B Subordinate Bonds). Proceeds from the sale of the Bonds will be used for the purposes of: (a) paying the Project Costs, (b) funding capitalized interest on the Bonds, (c) funding the Reserve Fund to the Reserve Requirement, and (d) paying other costs in connection with the issuance of the Bonds.

Subordinate Bonds Details

The Bonds are assumed to bear interest at a rate of 6.25%, payable annually on December 15, beginning on December 15, 2025. The Bonds are anticipated have annual mandatory sinking fund principal payments due annually on December 15, beginning on December 15, 2030. The Bonds have a final maturity date of December 15, 2055.

Subordinate Pledged Revenue

The 2025B Subordinate Bonds are secured by payable solely from Subordinate Pledged Revenue, consisting of the moneys derived by the District from the following sources: (a) Revenues; provided, however, that so long as any Littleton Village Metropolitan District No. 2 Senior Obligations remain outstanding, Subordinate Property Tax Pledged Revenues and Subordinate Specific Ownership Tax Revenues shall constitute Subordinate Pledged Revenue under the Indenture only to the extent released from the lien of, and available to District No. 2 in accordance with, the 2023A Senior Indenture or other applicable District No. 2 Senior Obligation Documents, and payable to the District in accordance with the Senior Pledge Agreement; and (b) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Subordinate Bond Fund.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

Subordinate Required Mill Levy

The Indenture generally defines "Required Mill Levy" (referred to herein as the Subordinate Required Mill Levy) as an ad valorem mill levy imposed upon all taxable property of the District each year in an amount which, if imposed by the District for collection in the succeeding calendar year, would generate Subordinate Property Tax Revenues sufficient to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable (less any amount thereof for which amounts are then on deposit in the Subordinate Bond Fund), but not in excess of 50.000 mills less the Senior Obligation Mill Levy.

If, after the date of issuance of the 2025 Bonds, there are changes in the method of calculating assessed valuation or any constitutionally mandated or statutorily authorized tax credit, cut or abatement, the maximum mill levy of 50.000 mills (less the Senior Obligation Mill Levy) provided in the Indenture will be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes.

For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation; and notwithstanding anything in the Indenture to the contrary, in no event may the Subordinate Required Mill Levy be established at a mill levy which would cause the District to derive tax revenue in any year in excess of the maximum tax increases permitted by the District's electoral authorization, and if the Subordinate Required Mill Levy as calculated pursuant to the foregoing would cause the amount of taxes collected in any year to exceed the maximum tax increase permitted by the District's electoral authorization, the Subordinate Required Mill Levy shall be reduced to the point that such maximum tax increase is not exceeded.

Events of Default

Events of default occur if the District fails to impose the Required Mill Levy, or to apply the Pledged Revenues as required by the Indenture, and does not comply with other customary terms and conditions consistent with normal municipal financing as described in the Indenture.

Optional Redemption

The Bonds are subject to redemption prior to maturity, at the option of the District, on June 1, 2030, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
June 1, 2030 to May 31, 2031	3.00%
June 1, 2031 to May 31, 2032	2.00%
June 1, 2032 to May 31, 2033	1.00%
June 1, 2033 and thereafter	0.00%

NOTE 6 INTERFUND TRANSFER

The transfers from the Capital Projects Fund to the Debt Service Fund were related to bond issuance activities.

NOTE 7 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2025, the District had net investment in capital assets calculated as follows:

	Governmental Activities
Net Investment in Capital Assets:	
Capital Assets, Net	\$ 2,597,395
Noncurrent Portion of Long-Term Obligations	(2,850,000)
Portion of Debt Related to Restricted Cash and Investments	692,226
Net Investment in Capital Assets	<u>\$ 439,621</u>

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2025, as follows:

	Governmental Activities
Restricted Net Position:	
Emergencies Reserve	\$ 8,100
Debt Service	55,005
Total Restricted Net Position	<u>\$ 63,105</u>

The District has an unrestricted net position of \$116,970.

NOTE 8 DISTRICT AGREEMENTS

Improvement Acquisition and Reimbursement Agreement

Under the terms of the Improvement Acquisition and Reimbursement Agreement, and consistent with the District's Service Plan, the Developer agrees to construct certain public improvements for the benefit of the Littleton Village development.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 8 DISTRICT AGREEMENTS (CONTINUED)

Improvement Acquisition and Reimbursement Agreement (Continued)

In return, the District agrees to accept eligible improvements and/or eligible costs and reimburse the Developer for certified district-eligible capital costs in an amount not to exceed \$3,000,000, subject to review and certification by the District's accountant and engineer.

Reimbursement is to be made from bond proceeds or other legally available District revenues, and if sufficient funds are not immediately available, the obligation is evidenced through the issuance of a subordinate promissory note bearing interest and maturing forty years from issuance.

Repayment is subordinate to the District's bonded debt, subject to annual appropriation, and contingent upon the availability of revenues, with any unpaid balance discharged at maturity.

The Developer's right to seek reimbursement terminates on December 31, 2025, unless extended by amendment. As of December 31, 2025, the District had no outstanding obligations under this agreement.

Senior Capital Pledge Agreement

Pursuant to the Senior Pledge Agreement, entered into on December 1, 2015, between the District and Littleton Village Metro District No. 2 (District No. 2), the District is obligated to impose ad valorem property taxes for the payment of the Senior Bonds, issued by District No. 2.

NOTE 9 RELATED PARTIES

The Developer of the property which constitutes the District is Loch Lomond LV, LLC. Certain members of the Board of Directors are employees, owners or otherwise associated with the Developer, and may have conflicts of interest dealing with the District.

NOTE 10 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2025. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 10 RISK MANAGEMENT (CONTINUED)

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations that apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 15, 2013, a majority of the District's electors authorized the District to collect and spend or retain in a reserve the full amount of all currently levied taxes and fees of the District annually, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

Section 29-1-1702, C.R.S., contains limitations on revenues generated from property tax revenues that apply to certain local governments within the state of Colorado.

Annual operating property tax revenue is limited to a 5.25% increase, such increase is determined based on a prior assessment period and adjusted for allowable exclusions and exemptions from qualified property tax revenues

The District's management believes it is in compliance with the provisions of Section 29-1-1702, C.R.S. However, this section of the C.R.S. is complex and subject to interpretation.
